

The International Buster Keaton Society Inc

WE LOVE BUSTER KEATON.

Founded in 1992, the goals of the **International Buster Keaton Society** (a 501c3, non-profit organization) are to:

- Foster and perpetuate appreciation and understanding of the life, career and films of Buster Keaton
- Advocate for historical accuracy about Keaton's life and work
- Encourage dissemination of information about Keaton
- Endorse preservation and restoration of Keaton's films and performances

IN OUR EARLY DAYS, we were proud to be supported by Eleanor Keaton, Buster's widow, who attended several of our events. Today, we are thrilled to have Melissa Talmadge Cox, Buster's granddaughter, on our board, and Keaton Talmadge, his great-granddaughter, as an active member.

We are an entirely **volunteer-operated** group, we love what we do, and are honored to help maintain Buster's legacy.
